

Custom Safety Mats and Safety Mat Systems

Tapeswitch is the industry leader in custom safety mats for unusual or difficult applications. If you do not find precisely what you need within our standard product offering, we can still most likely meet your exact application needs.

We can supply nearly any size and shape, including safety mats with odd angles, curves, and cut-outs for obstacles. With our engineering capabilities, knack for innovation, and range of available technologies, we can handle nearly any application.

Guard machines, work cells, robot installations that require safety mats with:

- **Odd shapes**
- **Curves & angles**
- **Cut-outs**
- **Special colors**
- **Large-area coverage**

Protect areas that have:

- **Forklifts, steel carts, pallet loaders, other vehicular traffic**
- **Hot parts, welding debris, sparks**
- **Accidental dropping of heavy parts**
- **Conditions that destroy standard mats**

We can supply safety mats that require:

- Multiple sensing zones
- Color-coded areas
- Logos and graphics
- Other unusual features

Whether you have an immediate requirement or are planning a long-term project, you can count on the mechanical and electrical engineers at Tapeswitch to come through for you. We have built our reputation on **rapid response, customer commitment, and sensible solutions.**

If you would like to speak to someone, give us a toll-free call at **1-800-234-8273**. For general product information, ask for Customer Service, or if you have a specific application that requires technical information, ask for Application Engineering. You will get a person and not an automated menu. [Click here to email us.](#)
