A full spectrum of sensing and signaling products for protection, detection, and safety.

SD-75 Dual-Switch Sensing Bumpers

Off-the-shelf – Custom designs – Short lead-times

Click on the product name or thumbnail image to see detailed information on each product.

These pressure-sensitive bumpers act as normally-open switches and provide a contact closure when they are deformed by contact or impact.

SE-45 & SE-75 Sensing Bumpers

SE-45 & SE-75 Sensing Bumpers

General purpose pressure-sensitive bumpers for heavy duty applications
4" and 7" widths, up to 5-3/8" high and 10' long

SD-75 Dual-Switch Sensing Bumper

SD-75 Dual-Switch Sensing Bumpers

A general purpose pressure-sensitive bumper for heavy duty applications
1 or 2 outputs signals, depending on impact severity

Hercules Ruggedized Sensing Bumpers

Hercules Ruggedized Sensing Bumpers

A special pressure-sensitive bumper for hostile environments
For harsh applications that are off limits to conventional bumpers
Encapsulated in a rugged polyurethane shell

VB-Series High-Impact Sensing Bumpers

VB-Series High-Impact Sensing Bumpers

Pressure-sensitive bumpers for applications with high impacts
Very low activation force of 4 lbs

Custom Sensing Bumpers

Custom Sensing Bumpers

Pressure-sensitive bumpers designed to fit specific application needs
Available in various sensitivities, profiles, colors, and lengths
