

Sensing Cell Switches

Custom sizes and shapes can be manufactured to suit your individual application requirements. **Contact our Customer Service/Technical Sales Support Department** for help in selecting the correct product for your specific application at **1-800-234-8273** or [Click here to email us](#).

Models NO-1 (Round) & NO-1R (Rectangular) Normally Open Sensing Cells

These are low-profile, sealed sensing switches in wafer form. They are surface-mounted and are typically used under objects to detect removal. They can also be used as limit switches in tight quarters. Positive bottoming withstands substantial weight.

Specifications

Material:	PVC (sealed)
Dimensions:	1.5" diameter round or 1.0" x .75" rectangle
Operating Force:	2.5 lbs nominal
Mounting:	Mastic cement, epoxy, DA-12 tape or optional metal holder
